

# ESSENTIAL SEALER'S GOLD SATIN FINISH

**1L** **2.5L** **5L** SKU: SC4U\_ERS\_SGS01 / SC4U\_ERS\_SGS250 / SC4U\_ERS\_SGS05

## DESCRIPTION

SC4U ESSENTIAL SEALER'S GOLD SATIN FINISH is a professional, all-purpose sealer satin/gloss look finish for all types of natural internal stone - the gold standard your stone deserves.

SC4U ESSENTIAL SEALER'S GOLD SATIN FINISH is a highly effective multi-purpose indoor stone sealer. It has been developed to offer excellent sealing and oil & stain resistance to ALL types of indoor stone surfaces, including slate, limestone, granite, quartz, sandstone, travertine, marble and more. SEALER'S GOLD saves you time and money, one sealer does it all! Essential Sealer's Gold Satin Finish is quick drying and easy to apply and will protect the applied surface against oil and water-based stains. It creates an attractive satin "wet look" sheen that becomes more pronounced the more you apply. Not recommended for use on highly polished stone & ceramic glazed surfaces.

## DIRECTIONS FOR USE

Before use, remove any loose debris from the work surface and ensure you have adequate personal protection, i.e gloves, suitable protective eye-wear, face mask & clothing.

- NOTE: Following the instructions below, perform a small test application on-site in an inconspicuous area prior to use. This will indicate the suitability and effectiveness of the product for your surface. If unsuitable for your requirements DO NOT PROCEED; contact us to return the product.**
- Apply the product thinly and evenly with a low pressure sprayer and micro-fibre mop, paint brush or soft cloth, taking care not to leave application marks or allowing the product to puddle on the surface.
- Allow 45-60 minutes drying time before applying the second coat, repeating the same process apply the product in the opposite direction to help to achieve an even consistent finish. If necessary more coats can be applied to achieve the desired finish.

**Please Note:** Surfaces which are not to be sealed must be protected with masking material. Always test product in an inconspicuous area to determine suitability for intended use.

## COVERAGE

Up to 25M<sup>2</sup> per litre.  
Depending on texture and porosity of surface.

## USAGE GUIDELINES

Drying Time	Applications/Coats	Application Method	Dilution
45-60 mins	2 coats	Brush/Sprayer/ Roller/Sponge	Undiluted
